

# Fire and Rain

James Taylor

## Verse

A                    Em                    D                    A  
Just yesterday morning they let me know you were gone  
                                 E                    Gmaj7  
Susanne the plans they made put an end to you  
A                    Em                    D                    A  
I walked out this morning and I wrote down this song  
                                 E                    Gmaj7  
I just can't remember who to send it to

## Chorus

D D/C# Bm E A  
I've seen fire and I've seen rain  
                         D D/C# Bm E A  
I've seen sunny days that I thought would never end  
                         D D/C# Bm E A  
I've seen lonely times when I could not find a friend  
                 G G/F# Em Am9  
But I always thought that I'd see you again

## Verse

A                    Em                    D                    A  
Won't you look down upon me, Jesus you gotta help me make a stand  
                                 E                    Gmaj7  
You've just got to see me through another day  
A                    Em                    D                    A  
My body's aching and my time is at hand  
                                 E                    Gmaj7  
And I won't make it any other way

## Chorus

## Verse

A                    Em                    D                    A  
Been walking my mind to an easy time my back turned towards the sun  
                                 E                    Gmaj7  
Lord knows when the cold wind blows it'll turn your head around  
A                    Em                    D                    A  
Well, there's hours of time on the telephone line to talk about things to come  
                                 E                    Gmaj7  
Sweet dreams and flying machines in pieces on the ground

## Chorus
